# What is M1 portable power bank

## Overview

---

What is the best power bank for MacBook Air?

Here are the five best power banks for MacBook Air. You'll need to look for power banks with Type-C port for laptops like MacBook Air. Also, picking the ones that support Type-C PD (Power Delivery) with at least 45W output will easily charge your MacBook Air and smartphone. 1. HyperCharger Max This one is the company's 2022 model.

How much power does a power bank need to charge a MacBook?

The speed at which a power bank can charge your laptop is important, especially if you are charging the MacBook while using it. Like any USB-C charger, look for the wattage at which the power bank can output power. A small laptop requires perhaps as little as 40W to keep it powered up. A larger MacBook might require 65W or 100W.

How many devices can a baseus power bank charge?

It can charge up to 5 devices simultaneously. It supports fast charging and speeds up your MacBook Air from 0% to 50% in 30 minutes. Similar to other Baseus power banks, it does come with an LED display to check power, voltage, and current left charge.

What is the best power bank to charge multiple devices at the same time?

It matches the Anker Qi2 MagGo Power Bank (10K) at 170%, which is impressive as it's the only one of these can charge three devices at the same time. In terms of charging speed, it uses the Qi2 wireless tech that matches Apple's MagSafe at 15W and beats away the merely "MagSafe-compatible" 7.5W chargers.

How much power does a power bank use?

If charging by wall, the USB-C port output is 65W. When operating as a power bank, the USB-C port outputs 45W, unless also wireless charging when the

maximum out put is 30W (15W wireless plus 15W USB-C). A smart displays shows the power bank's remaining battery charge, remaining time to full charge, real time output/input, and temperature.

What is the best portable power bank?

The Ugreen 48000mAh Portable Power Bank, also reviewed previously, is a larger unit but can reach 300W total power output. The Alogic Ark has a smart display screen that shows you how fast devices are charging, remaining battery capacity, and how long it will keep charging at the current speed.
