# What is the current status of China's 5G base stations

## Overview

---

How many 5G base stations are there in China?

This undated file photo shows a staff member installing equipment on a 5G base station in northwest China's Xinjiang Uygur Autonomous Region. (Xinhua) The number of 5G base stations in China had risen to more than 3.5 million by the end of February 2024, latest data from the Ministry of Industry and Information Technology (MIIT) showed.

Where did China build a 5G signal base in 2021?

In April 2021, according to the Chinese military's official website, at an elevation of 5,374 meters, China had built a 5G signal base at the Ganbala radar station in Tibet's remote Himalayan region, which is the world's highest manually operated radar station.

How many 5G subscribers are there in China?

The number of 5G mobile subscribers hit 966 million in China. The country has seen its 5G network and commercialization develop rapidly in recent years. Its 5G network now covers every city and town, as well as more than 90 percent of villages. China's 5G standard essential patent declarations account for 42 percent of the global total.

Who are 5G base stations suppliers?

Suppliers of 5G base stations were benefited from the rapid development of 5G technology. Huawei, Ericsson, Nokia, ZTE, and Samsung are among the world's leading suppliers. In 2024, these five vendors control almost 96.12 % of the global market. China has installed around 12 times as many 5G base stations as the United States.

Which countries dominated the 5G base station market in 2024?

Asia Pacific dominated the global 5G base station market in 2024. Suppliers of 5G base stations were benefited from the rapid development of 5G

technology. Huawei, Ericsson, Nokia, ZTE, and Samsung are among the world's leading suppliers. In 2024, these five vendors control almost 96.12 % of the global market.

What is the global 5G base station market report?

The global 5G Base Station market report is a comprehensive analysis of the industry, market, and key players. The report has covered the market by demand and supply-side by segments. The global 5G Base Station report also provides trends by market segments, technology, and investment with a competitive landscape.
