

# **Wholesale 100ah power station in Denmark**

## Overview

---

What happened in the Danish wholesale electricity market in 2022?

In 2022, there have been several central events in the Danish wholesale electricity market. Table 1 summarizes these main events, regulatory changes, and developments in the Danish wholesale electricity markets, which have taken place in 2022. DUR approves Energinet's method for purchasing energy for counter trading.

Is Denmark a net importer of electricity?

Denmark was a net importer of electricity with 1.4 TWh net imports in 2022. Denmark has been a net importer since the year 2011. Net imports have decreased 72 pct. in comparison to 2021, mostly brought about by an increase in domestic production coupled with a decrease in energy usage.

How much electricity does Denmark use in 2022?

The Danish electricity consumption was 35.5 TWh in 2022, which is a decrease of 3.1 pct. compared to 2021. The electricity consumption is larger in winter than in summer because of the increased need for heating and light. The largest monthly consumption was in January (3.5 TWh) while the lowest was in July (2.6 TWh).

What is the generation mix in Denmark?

The generation mix in Denmark is undergoing a major change, in which the generation shares of wind, solar, and biomass are substituting coal and gas. The Danish electricity consumption was 35.5 TWh in 2022, which is a decrease of 3.1 pct. compared to 2021.

What affects the price of electricity in Denmark?

The price of electricity in Denmark is affected by the prices of fuel, CO2, and by the filling ratio of the Nordic hydro reservoirs. The price of gas increased sharply during 2022, before coming back down at the end of the year.

What is the Danish utility regulator's focus area for 2023?

The Danish Utility Regulator (DUR) has several focus areas for the year 2023, cf. box 1. DUR's focus areas for future market monitoring are trading capacities on foreign connections, the reserve markets, and the EU "Electricity Market Design Reform" (EMD).
