

## SolarGrid Energy Solutions

# Windhoek BESS Power Outdoor Telecommunication Power

### Outdoor Cabinet BESS

50 kWh/500 kWh Battery Storage System

Industrial and Commercial Energy Storage

- All In One**  
Integrating battery packs
- High-capacity**  
50-500kWh
- Degree of Protection**  
IP54
- Operating Temperature Range**  
-20~60°C(Derating above 50 °C)
- Intelligent Integration**  
integrated photovoltaic storage cabinet
- Rated AC Power**  
50-100kW
- Altitude**  
3000m(>3000m derating)

## Overview

---

Will Namibia's electricity grid be stabilized?

The Managing Director of NamPower, Mr Kahenge Simson Haulofu, further said that the electricity grid in Namibia will be stabilized as short and medium-term power fluctuations from RE generation can be load-followed by the storage system.

How much will NamPower contribute to the Bess project?

NamPower will contribute approx. 100 million NAD to ensure the total project cost of around 500 m NAD are fully covered. The BESS plant will assist in peak shifting, energy arbitrage, provision of emergency energy, ramp-rate and reactive power control amongst others.

What does Telecom Namibia do?

Since Telecom Namibia takeover, the company has primarily concentrated on constructing telecommunications towers, whereby tower space is leased to service providers and operators to enhance network coverage and deliver ICT services to their clients. Vision
