Yemen industrial-grade UPS uninterruptible power supply equipment

Overview

What is an industrial UPS system?

The industrial UPS systems produced by SCU, a professional UPS supplier, are specially designed for industrial application with high performance, high efficiency and high protection level. The industrial UPS system provides uninterrupted high-quality industrial uninterruptible power supply for modern manufacturing.

Why is SICON industrial ups favored by SMIC?

The increasing number of electronic equipment is increasingly demanding the power grid. Sicon industrial UPS has super load capacity, higher protection level and multiple operation modes, and is more sturdy and durable. It is favored and recognized by SMIC. Since 2012, the two parties have established long-term cooperation.

Who won the bid for the construction of ups power supply project?

Open bidding for the construction of UPS power supply project in the new factory area of CanSemi Company, Sicon won the bid with its professional and dedicated technology and service. SCU provides industrial uninterruptible power supply for modern manufacturing.
